GM (Game Master) to Player 1 (Helper)

Round 0

Suppose you are playing a collaborative game.  
The game consists of you and a seeker.  
You are given a starting word and a target word.

Your job is to add 3 words to this starting word.  
The words added by you should cleverly lead the seeker to utter only one word.  
Your main job is to get the seeker to utter this target word through your sentence / addition to my starting word.

You cannot say the target word in your sentence.

GM (Game Master) to Player 1 (Helper)

Start word: suburban,  
target\_word:brick

Player 1 (Helper) to GM (Game Master)

Addition 1: red  
Addition 2: house  
Addition 3: wall

Sentence: "I love the color red on a house wall in the suburban area."

Game Master: valid sentence\_fragment

Addition 1: red  
Addition 2: house  
Addition 3: wall

Sentence: "I love  
the color red on a  
house wall in the  
suburban area."
